Dear Mr. Smith,

Thank you for finding the time to join us at Colony last Thursday and allowing us to describe the background which Tosco brings to the Sand Wash Project. I appreciate that it was a long day, and trust that it was worthwhile for you and your staff. It was certainly worthwhile for me and my associates to meet you and your staff, and to have the opportunity to discuss mutual interests. We are making arrangements for Tony Rampton to deliver the items you and your staff requested during our discussions.

Thank you again for your interest and your time, and for offering a spirit of cooperation to Tosco's Utah development. I look forward to continued good relationships as we work together toward our common goals on the Sand Wash Project and other areas of mutual interest.

Sincerely,

George C. Kane
